April 2022

DEAR NYSOA MEMBERS,

I am honored to accept the nomination for President-Elect of the New York State Optometric Association.

As we finish up year two of navigating our profession during a pandemic, I think it is ever more clear that we need to continue to stay engaged, relevant and in front of forces that continue to stifle our ability to provide quality and accessible eye care to our patients in New York. Over the past year, I have been primarily focused on cultivating our new NYSOA Diversity, Equity and Inclusion Task Force, melding the efforts of the Marketing Committee and Membership Committee to continue bringing resources and aids to our current loyal members and our new members. Our Young Advocates have still been virtual this past year, but we expect that in the coming year, social events may return, albeit adjusted to respect everyone's comfort level of social gatherings.

I have enjoyed my time serving on a very proactive and forward-thinking board. I will continue to maintain the momentum so that we can keep our focus on the future of our profession and the delivery of eye care in New York. I will serve as support for our incoming President and the entire board as we plan for the upcoming year.

I would greatly appreciate your vote in allowing me to serve you this next year as your President-Elect.

Sincerely,
Marina Su, OD, FAAO
